ABOUT ME

Graduated in Management Processes, with an emphasis on Process Management and Optimization, and I have always had the desire to acquire more knowledge and evolve professionally, I got in touch with the technology area about 10 years ago and since the end of 2019, I have returned to the technology area. where I've been studying and taking different courses. In 2021 I started my MBA in Software Engineering, where I have learned many new things and evolved day by day.

I will continue to improve myself daily as a Front-end Developer and Software Engineer after graduation, seeking to acquire more experience and knowledge!
