## ABOUT ME

I had contact with the technology area about 10 years ago, working with VB.net and HTML, during the journey I took some courses, where in 2018 I started my Technologist in management processes and in return I went back to the technology area, to work with Javascript, specifically in Frontend, where I have studied and taken several courses, graduated in Process Management, with an emphasis on Process Management and Optimization, and I always wanted to acquire more knowledge and evolve professionally.In 2021 I started my MBA in Software Engineering, where I learned many new things and continue to evolve every day.I will continue to improve myself daily as a Fullstack Developer and Software Engineer, seeking to acquire more experience and knowledge!
